

Wise Owls Newsletter

Spring 2019

Dear Parents/Carers,

We are now into the first week of the Spring term and the children are already showing growing curiosity about the Class Space lab. They are keen to share their knowledge about the Moon and ask so many witty questions, some deemed of Nasa scientists!

Our topics this term include:

- English- Myths/creation stories; Persuasive letter writing; Poetry (Haiku – Kennings – Tankas); Subordination and Coordination; Paragraphs and Conjunctions.
- Maths- Multiplication and division; Money; Statistics; Length/height/perimeter and Fractions .
- Science- Rocks (linked to the topic on the Moon); Forces and Magnets
- Computing – Spreadsheets and e-safety
- PE- Dance and games
- Personal, Social and Health Education – Rights and Responsibilities
- Art- Use of different media (linked to the topic on the Moon); Joan Miro
- DT- Making lunar buggies
- Music with Mr Corker
- MFL - songs; rhymes and stories

Homework will be given out on Fridays to be returned the following Friday. As usual, children are expected to read every day with an adult at home, talk about what they are reading and practise their times tables. This will be of great help towards helping them giving quick answers and applying to solving words problems.

Do not hesitate to come and see me (preferably after school) should you have any concerns or queries.

Kind regards,

Mrs Weston,
